

Highwave AutoDogMug®

Responsible pet owners keep their dog hydrated with AutoDogMug®.

Take Rover on the Road!

Hello fellow pet parent!

You love taking road trips to explore the Earth's terrain. So does your dog! Don't leave him home alone with sad-puppy-dog eyes. Fill up an AutoDogMug® and take him with you on your next adventure!

AutoDogMug® is the first ever sustainable water bottle designed just for the intrepid canine. Its innovative pump design allows you to fill the bowl-shaped dispenser with just the squeeze of one hand. Fitting snugly in your car's cupholder, AutoDogMug®'s leak-proof technology ensures no drop of water is wasted or spilled on your interior. Keeping your four-legged friend hydrated on the go is more convenient than ever!

Picture this, you're cruising down the California coastline in an open Jeep, the wind blowing in your hair, your pet's tongue flapping in the breeze. Luckily, your dog can dip that pink tongue into fresh clean water with the convenient AutoDogMug®. With AutoDogMug®, the world is your dog park!

Fetch you later!
